Pastor Paul Musisi
CEO / Founder

ABOUT US

Pastor Paul Musisi was abandoned by his parents that even today at the age of 35 he has never seen his mother. No one ever told him a story about his mother. He does not know how she looks like sadly! At the age of 11 Paul's dad cast him out of his home, and Paul ended up on the streets eating from the garbage. Paul wanted or desired to die other than to live. Paul wanted to commit suicide, and cried through the night wishing that his mother was around. Finally the Lord picked him from the street through Sunday school ministry evangelism. When Paul arrived at eh church for the first time in his life, he had a message that transformed his entire life. "That God is a father to the fatherless, if no one is taking care of you, Jesus will." From that day Paul gave his life to Jesus Christ. One of his dream was to go back to school and the lord made it be. He graduated and also attained his first diploma in Theology and in Social Works and Administration. Paul Musisi became a General Manager of a Christian Radio Station in Uganda (Top Radio) and the salary and allowances he was given, he gave back to the lord by supporting the needy, widows and orphans. Paul also has a heart for the lost souls, he has founded the Great Lakes Region Youth Movement and the Orphanage Centre looking after over 1000 children. He is a Pastor of Caring Heart Community Fellowship which grew to 450 people in 5 weeks... Glory to God.

Caring Heart Breakthrough Ministries is an Interdenominational organization whose work cuts across cultural, religion and ethnic borders. The organization is fully registered by the Uganda government as a Non-Governmental Organization; with registration number S.5914/4630. We operate in other countries like Kenya, Tanzania, Rwanda, Burundi, Democratic Republic of Congo, Ethiopia, Somalia and Sudan. Caring Heart Breakthrough ministries reaches out to the widows, orphans and the helpless; helping them restore lost hope. That is the Great commission. We are located along Hoima Road, 16 miles from Kampala City Center. The organization pivots around orphans and widows that have accrued from the AIDS epidemic, and Uganda has been statistically ranked as one of the most affected countries by this scourge. The AIDS scourge has had adverse effects on the children and homes in Uganda and this called for setting up orphanage homes, schools and health care facilities. Caring Heart Breakthrough Ministries looks after over 1000 orphans and 120 widows. The need however is still big. We welcome Mission Teams, Teachers, Nurses, Doctors, Builders and all experts from various fields. We warmly welcome support through your service delivery. We welcome mission teams for Evangelism, medical teams, love a child mission teams, Builders and Students. Restore Train and Send out.
